quantum sampler, triplets
classical sampling, same oracle, triplets
coupled-pair list read once (needs A built)
quantum sampler, doublets
classical sampling, same oracle, doublets
every segment read once
focusing scan, coarse hit evaluations
oracle queries per event
reconstructible tracks
quantum queries per event (median)
primary vertices (toy)
triplets, T = 100
triplets, T = 400
triplets, T = 1000
doublets, T = 100
doublets, T = 400
doublets, T = 1000
